## Montana Liquid & Gas Pipeline Association

**POST & EMS  
2 CEU's Available**

EMS and Trauma,

On behalf of the MLGPA, **YOU and ALL members of your organization** are invited to attend a **FREE** pipeline safety emergency response tabletop exercise. In cooperation with the Office of Pipeline Safety (OPS), Department of Transportation (DOT), Montana Utility Coordinating Council (MUCC), Underground Utilities Locator Center (UULC) and Pipeline Association for Public Awareness (PAPA), pipeline operators are sponsoring meetings at various locations throughout the state. A **meal and a tabletop exercise** will be provided to educate your agency in the efforts and coordination needed by local emergency responders and pipeline operators. This program is part of an on-going national effort to increase the knowledge and understanding of emergency responders across the nation regarding pipeline emergencies.

These meetings will provide you with important response information to assist in managing a potential pipeline emergency. This includes familiarization with the pipeline facilities in your area, emergency pipeline contact information, available educational resources and the expectation for all parties to provide the highest level of public safety. Information about these meetings and additional online training opportunities can be found at [www.pipelineawareness.org/mlgpa](http://www.pipelineawareness.org/mlgpa).

Montana's pipeline operators are committed to establishing and maintaining liaisons with emergency response officials and public officials. Our goal is to provide you with the information necessary to effectively respond to a pipeline emergency. Please ensure *at least* one representative from your department/agency attends a meeting.

***The following items are enclosed in this official invitation from the MLGPA:***

- A poster for you to post in your office listing meeting dates, times, and locations for 2013 MLGPA meetings.
- An RSVP for **members of your organization** to complete via website, fax, phone, or e-mail.
